

Assignment-01

Fazal Abbas

FA24-BCSA-127

Web Tech

—

Prof. Usman Akram

—

Assignment 1 — Your Personal CV Page

Difficulty: Foundational · **Covers:** Lectures 3–6 (HTML & HTML5, Semantic HTML and Forms, CSS Fundamentals, the CSS Box Model) · **Folder:** assignment-1/

Task: Build a single-page personal CV/résumé as a static HTML + CSS website — no JavaScript, no framework, just semantic HTML5 and hand-written CSS. This is where you prove you actually know the raw building blocks before anything is allowed to hide them from you.

Your page must include, at minimum:

- A header with your name, a short professional tagline, and a photo (a placeholder image is fine).
- An “About Me” section.
- An “Education” section listing your academic history in a semantic list or table.
- A “Skills” section.
- A “Contact” section with a real `<a href="mailto:...">` link and at least one social/portfolio link.
- Correct use of semantic HTML5 elements throughout — `<header>`, `<nav>`, `<main>`, `<section>`, `<article>`, `<footer>` as appropriate, not a page built entirely out of unstyled `<div>`s.
- Styling entirely in a separate `styles.css` file (external stylesheet, not inline `style=""` attributes) using the box model correctly — sensible margins, padding, and borders, not everything jammed against everything else.

fazalabbas.fa514@gmail.com

Lahore, Pakistan

SKILLS

- HTML
- CSS
- JavaScript
- JAVA

LANGUAGES

English (Fluent)
Urdu (Native)

"The only way to do great work is to love what you do."

Frontend Developer

Passionate about technology, coding and building creative solutions for better tomorrow.

CAREER OBJECTIVE

To secure a challenging position in a reputable organization where I can utilize my skills and knowledge to contribute to the success of the company.

EDUCATION

BS Computer Science (Sep 2024 - Present)
COMSATS University Islamabad, Lahore Campus

Intermediate (Pre-Engineering) (2022 - 2024)
KIPS Colleges, Bahria Town Lahore Campus

PROJECTS

Portfolio Website

A personal portfolio website to showcase my skills, projects, and experience.

Warehouse Database Management System

A web based Warehouse Database Management System using **SQL Server, React** and **Node.js**.

Car Rental System

A desktop based application for managing car rentals and reservations using **Java**.
